Get to know us

For over a quarter of a century, MAXE has become synonymous with superior quality automotive products, supplying OEM's and the aftermarket fitment centers in South Africa and across the African continent with products of the highest standards.

As market leaders, MAXE specialises in developing and innovating lifestyle accessories to meet our customer needs by adding functional and practical items to its product range. In our quest to consistently improve and expand, we now introduce the all new RollaTop to MAXE's product range.

- ✓ Precision engineering and testing
- ✓ Sophisticated and functional design
- ✓ Outstanding security and protection for your load bin
- ✓ Highest quality standards that meet our customers' needs

Precision Engineering and Testing:

- First class engineering and research to bring a global solution to you.
- Durability and vibration tested to various OEM standards. Each component has been tested under its natural resonance frequency for over 3 million cycles without fail.
- Water resistance testing with a high-pressure cleaner.

Highest quality standards that meet our customers' needs:

- Effective drainage system ensuring no water collection on the RollaTop.
- Excellent water resistance capabilities ensuring minimum water enters the load bin.
- Recyclable plastic.
- Maintenance latch for access to clean out natural debris.

Sophisticated and functional design:

- Ability to access the bin when the RollaTop is closed.
- Easy to install with clear instructions and guidelines.
- The pull strap assists in opening or closing the RollaTop without overstretching.
- Auxiliary channels for the use of additional accessories such as bike racks and styling bars.
- Handle tested for durability passed over 12 000 cycles of opening and releasing.

Outstanding security and protection for your load bin:

- Robust and uniquely engineered locking system.
- Dual locking system.
- Unique interlocking slat design to prevent access to the load bin when RollaTop is closed.

Other features:

- Ability to carry a distributed load of 100kg.
- 2 years warranty, provided maintenance is regularly adhered to as per instructions.
- Available to most makes of vehicles.
